RESTORE NATURE NOW Placard Pack

Friends of the Earth

This pack contains some mix-and-match elements to create your own Restore Nature Now placard.

Make one of the A3 designs below, or use the different elements to create your own.

Remember to only print the pages you need!

NATURE NEEDS US, WE NEED NATURE

Use the text on page 3, and the images of endangered British wildlife, to make a placard sharing the importance of nature.

For an A2 placard, make sure to use the larger images on pages 10 and 11, and don't forget to add a picture of yourself enjoying nature.

WRITE YOUR OWN MESSAGE

What do you give a sh*t about? And does our government agree? We all deserve a healthy environment - not one covered in sh*t. Tell everyone why you care by designing a placard.

Add a custom message by using the print-outs on pages 4, 5 & 6.

Customise it even more by adding nature images from magazines, or even images of yourself appreciating nature.

PROTECT OUR RIVERS & SEAS

Last year, water companies poured sh*t into our rivers for a whopping 4 million hours.

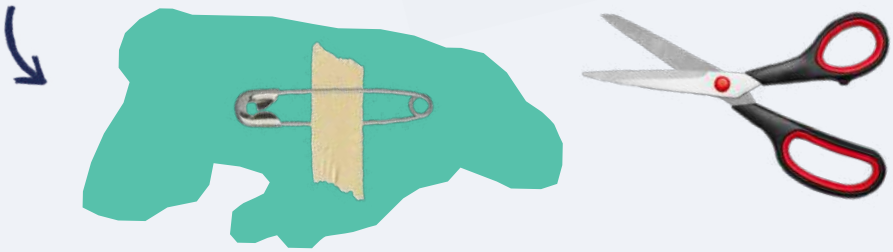
Let's not lose any more precious marine wildlife.

Show everyone you care about protecting our rivers and seas by making this bold placard.

Use the statements on pages 4 & 6 and the imagery on page 7.

GOT SPARE PRINTED IMAGES?

Turn any spare wildlife images into pins, by cutting them out and securing a safety pin to the back.



Add them to your jacket, hat or coat, and wear them for the demo.
